Group Shiny Project – Peer Evaluation Form

Your name: _____   Group member: _____

Instructions: Please answer the following questions for your group member. Responses will **not** be shared with your group members; so please be honest. The purpose of this is to ensure that all group members contributed equally and put forth their best effort. If there are major discrepancies or reasons for your instructor to be concerned, grades may be adjusted accordingly on the project.

1) Please write a **detailed explanation** of who contributed what to the final project. Below is a *rough, minimal example* of the type of explanations I am looking for (yours should be more detailed):
   - Together both members selected the data.
   - Member A drew the app sketch while discussing with member B.
   - Member B performed the data cleaning and transformations
   - Member A designed the UI in the shinyuieditor.
   - ….

   This question may be answered together with your group member(s).

For each of the following questions and using the scale described below, indicate the extent to which you agree with the statement. Then provide a justification of the response.
   - 1 = strongly disagree; 2 = disagree; 3 = neutral; 4 = agree; 5 = strongly agree

2) My group member communicated well and attended group meetings regularly.

   1   2   3   4   5

   Justification:

3) My group member completed their parts of the group project on time.

   1   2   3   4   5

   Justification:

4) My group member demonstrated a cooperative and supportive attitude.

   1   2   3   4   5

   Justification:

5) My group member contributed significantly to the success of the final project.

   1   2   3   4   5

   Justification:

6) My group member performed high quality work on the parts they were responsible for.

   1   2   3   4   5

   Justification:

Finally, respond to the question below if necessary.

7) Is there anything else that your instructor should know to accurately assign grades? Please explain.
